From the letter Engineer-in-Chief (R&B) Roads, LR.No.11711-1/Plan Works – MDR/EE(R)/DEE.2/AE 1/2012, dt.17.06.2013.

ORDER:

In his letter read above, the Engineer-in-Chief (R&B), Roads, Hyderabad has submitted the following three road works in Vizianagaram District.

i) The Bobbili –Therlam Road (via) Rejeru from Km 0/0 to 26/833 in Vizianagaram District is an important MDR connecting number of villages in Bobbili, Therlam and Badangi Mandals and also connect Mandal Head quarters i.e Bobbili & Therlam. This road is an important road in Bobbili Assembly Constituency. Due to increase of vehicular traffic, the existing intermediate and single lanes are unable to cater to the needs of present traffic. Hence it is essential to widen the existing intermediate and single lanes to double lane to have free flow of traffic and to avoid accidents and traffic jams. The traffic CVPD on this road is 3547 and PCUs is 9247 as per traffic census 1/2012. The estimate cost of proposed work is Rs.13.50 Crores.

ii) The Road from Bobbili to Baljipeta from Km.0/0 to 23/0 is an important MDR in Vizianagaram district connecting number of villages in Bobbili and Baljipeta Mandals. The road starts from SH-36 at Km.81/4 and passing through Mandal Head Quarters i.e Bobbili and Baljipeta. This road also connects the number of Villages in Vangara Mandal of Srikakulam District and also connects another important Panukuvalasa- Baljipeta and also the stretch from Km.0/0 to 1/8 is falling in Bobbili Municipality which is in built up area and not feasible for widening. The road stretch from Km.1/8 to 3/500, Km.9/0 to 9/250 and Km.10/0 to 23/0 requires widening from intermediate lane to Double lane. The CVPD is 1037 and PCUs is 6897 as per traffic census 1/2012. Due to increase in vehicular traffic, the existing central carriageway was badly damaged at many places from km.1/8 to 23/0. Hence, it is necessary to widen and strengthen the existing intermediate lane to double lane to make the road free flow of traffic and to avoid accidents and traffic jams. The estimate is prepared for Rs.1100.00 lakhs.

iii) The road from km. 4/8 of Bobbili-Rejeru road to Baljipeta road from km 5/3 to 12/2 is an important Major District Road in Vizianagaram District. The total length of the road is 18.660 kms. The road is connecting two (R&B) MDRs i.e. Bobbili-Rejeru road and Bobbili-Baljipeta Road and passing through number of villages in Bobbili and Baljipeta mandals. Engineering College and Polytechnic Institutions are located at Km.5/8 on this road. All the Agricultural produces are transported through this road to nearby market yards at Baljipeta and Bobbili. Hence it is proposed for strengthening from Km 5/3 to 12/200. the CVPD is 1422 and PCUs is 4164 as per traffic census 1/2012. The estimate cost of proposed work is Rs. 500.00 lakhs.
